

GOVERNANCE

eHealth programmes require political-governance strategies to achieve health policy goals. This is an overview of the eHealth governance ecosystem in Denmark:

STRATEGIES

Denmark has put in place specific strategies and policies for eHealth and cancer care:

LEGISLATION

The level of integration of eHealth in different countries also depends on how legislation responds to innovation needs. In Denmark telemedicine, cancer prevention and eHealth cancer care is regulated by:

Note that where no specific legislation is in place, commonly, general legislation is applied.

CANCER SPECIFIC eHEALTH SOLUTIONS

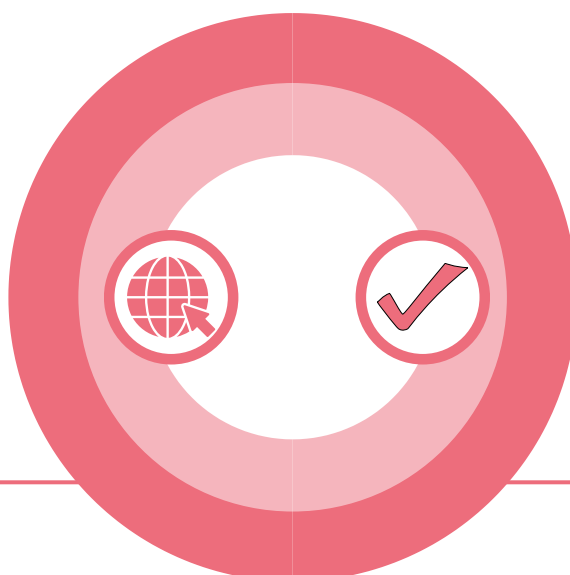

A number of digital solutions are available in some countries for cancer patients. Some of them are commercial, whereas some others are offered and recommended by national public healthcare systems. In some countries, governmental institutions provide a list of solutions, such as eHealth apps, for cancer patients. In Denmark:

RECOMMENDATIONS

Websites or other resources recommended to the public are in place.

CERTIFICATIONS

Certification or quality approval processes to assess digital tools reliability are in place.
